USPA NEWS - Donald Trump Assassination is Certainly on the Cards Not by Iran but by the Internal Dark Forces

President Elect Donald Trump, is most certainly a target for assassination, which is on the cards. The go-ahead has been given by the dark forces, within the United States of America, said Shazada Hayat President UICF (UK) and international community welfare campaigner.

The real main benefactors and the key players are the sinister dark forces and the corrupt rogue elements within the corridors of power, in the USA. The enemies of America find President Donald Trump unpredictable and a grave challenge to their control over the United States of America, the most powerful country in the world. The enemies of America, the dark forces, believe that President Donald Trump poses a serious severe challenge, who will smash the chains of control around the neck of the USA. The sinister dark forces are still in a state of shock as to how President Donald Trump won the presidential election on the 5th November 2024, which was comprehensive.

This is despite the dark forces "Plan A," of attacking President Donald Trump with the fifth-generation hybrid war, spreading false propaganda and fake news about him. The dark forces also created politically motivated and trumped-up bogus charges. This was to cause maximum negativity against the president elect, to cause him and his family hurt and stress. President Donald Trump endured all of these challenges with immense calm and stoicism.

Shazada Hayat went on to say, As soon as it was announced that Donald Trump has won the presidential election to be the 47th President of United States of America, the enemies of Donald Trump were perplexed and inconsolable, beyond comprehension.

Naturally, the dark forces within are bitter, as they used every dirty trick in the book to halt his victory, to become yet again the President of USA. Their "Plan A" failed miserably. This is the reason the dark forces reverted to "Plan B," to try and get President Donald Trump assassinated, just as they tried and failed on the 13th of July 2024. Miraculously, President Donald Trump survived the assassination attempt on his life. The well-wishers have thanked God and said, Donald Trump survived for a reason. The dark forces know full well that President Donald Trump is going to free America from their clutches and chains of control and oppression. President Donald Trump is on the target list of the sinister dark forces, "The Order of the Round Circle" and the corrupt rogue elements. Therefore, these are the real enemies within, also supported by the rogue intelligence services of Europe, who wish to also see the back of President Donald Trump, said Shazada Hayat.

The most important thing to understand and ascertain, is the fact that Iran does not have the same level of hate, ulterior motive or vested interest in the assassination of President Donald Trump. The Iranian nation and the world hates President Joe Biden for his barbaric actions and support for genocide. This is because he supported and supplied arms to PM Benjamin Netanyahu, to carry out heinous crimes against humanity. Therefore, the world holds them both guilty of genocide. The serious threat posed to President Donald Trump of assassination is more internal than external, said Shazada Hayat.

Whilst it is an established fact that Presidents of the United States have been assassinated, such as President Abraham Lincoln, President John F. Kennedy. Attempted assassinations were carried out to kill President Ronald Reagan and more recently in July 2024, none other than Donald Trump. The irony is, all the assassinations have been planned in America by the dark forces of America and carried out in America. The world and President Elect Donald Trump need to be fully aware, if these dark forces had succeeded in the assassination of President Donald Trump, then they would have blamed this on the external powers. Just as they have done in the past, blamed everyone else, when they are the culprits. These dark forces are in fact, the evil perpetrators and the real enemies of United States of America.

Also, the fact that the real and main benefactors of the treachery are the dark forces, the enemies within. Therefore, the real guardians

of America and of President Elect Donald Trump, must not become complacent, distracted or misled by the dark forces. The dark forces hate the fact that the United States was built on the principal of justice, freedom and liberty. This is enshrined in the great American Constitution.

This is a greatest opportunity for President Donald Trump to make America, in the immortal words of Dr. Martin Luther King when he said, "Free at last, free at last and free at last." The destiny and history await President Elect Donald Trump, to free America from the slavery within. Therefore, there are only two ways for Donald Trump, one is God's way and the other is the evil dark forces. President elect Donald Trump has promised to make America great again. We hope and pray, and feel confident that the next President of the United States Donald Trump, will deliver to make America free from the dark forces, said Shazada Hayat.
